ATUREX[®]-100 RS Rice Starch

ATUREX-100 RS is rice starch with pure flavor and excellent digestibility, it is also non-allergen, non-GMO. Rice starch particle is the smallest in all natural starch, with the size of 2 μ m ~ 8 μ m and the majority shows irregular polygonal shape, and significant angular. It has a very good dispersion in the aqueous phase. The particle size is similar to homogenized fat ball, so rice starch has creamy taste.

Products Feature

- High digestibility
- Non-allergic
- High heat stability
- Non-transgenic
- Small particle size, large surface area
- White fine powder

Application

- Drug filler
- Green glue,Leather,Ink
- Ice Cream
- Fast frozen food
- Baby food
- Meat product
- Pet food
